HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1952-53 edition of the Goldsboro City Directory.

Confidence in the growth of Goldsboro's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Goldsboro to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Goldsboro Directory will fulfill its mission as a source of authentic information pertaining to the city.

## Five Major Departments

The five major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 25 to 368, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Goldsboro, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 88, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Goldsboro. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Goldsboro, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 457 to 527, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 529 to 699. In this section the numbered streets are ar-

ranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, begins opposite page 610.

### **Municipal Publicity**

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Goldsboro.

### **The Goldsboro Directory Library**

Through the courtesy of the publishers of the Goldsboro City Directory, a Directory Library is maintained in the offices of the Goldsboro Chamber of Commerce and Merchants Association, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Under a rural electrification project, thousands of citizens of the Goldsboro area are being served from Goldsboro.

## HISTORY

Goldsboro is a community of progress which has been kept alive since its charter as a municipality was issued 105 years ago, in 1847.

Goldsboro has long been known for its culture, barbecue cooking, community spirit, citizens of liberal thought and social conscience, and progressive industry. The early community was settled as a village of 100 persons when Waynesborough, a settlement in a nook of the Neuse, was relocated to be on the railroad when the Wilmington & Weldon Rail-

road traversed the present site of Greater Goldsboro. It was the crossroads of rail transportation in eastern North Carolina when the railroad from the blue Atlantic to the Blue Ridge Mountains of western Carolina was constructed across the W. & W. Railroad, now the Atlantic Coast Line Railroad.

In municipal government, Goldsboro was one of the first communities in the Southeast to adopt the city manager plan. It continues the city manager-aldermanic form of government.

From Goldsboro went Charles B. Aycock in 1900 to assume the leadership of North Carolina as its Governor and launch the Old North State on a parade of progress in government, education, and industry which has continued for more than half a century.

### OTHER DATA

**LOCATION:** Goldsboro is located in eastern North Carolina, three miles north of the Neuse River and 52 miles southeast of Raleigh, the State capital. Its central location partially explains the city's consistent growth as the chief merchandising and distributing point of a rich agricultural area of more than 250,000 people.

**POPULATION:** Census reports reflect the steady growth of the city. The 1950 U. S. Census showed a population of 21,454 in the city proper. The population in 1910 was 6,107, and by 1930 it had grown to 14,985, and by 1940, 17,274. Wayne County, of which Goldsboro is the county seat, in 1930 had a population of 53,013; in 1940, 58,328, and in 1950, 64,267.

**INDUSTRY:** The city's people find employment in merchandising, distributing and manufacturing. Goldsboro's more than 40 manufacturing plants produce lumber and lumber products, brick, agricultural implements, cotton yarn, veneer, furniture, cottonseed products, meal, grits, stock feed, electric wire, textile products, meat products, frozen foods. Its three tobacco redrying plants handle millions of pounds of tobacco yearly, much of it shipped from other points in eastern North Carolina and from South Carolina, Georgia, Tennessee and Kentucky.

**HOUSING:** Housing is modern and living costs are reasonable. Local markets afford for most of the year an

abundance of vegetables and fruits produced within a short radius of the city. Local markets also afford a bountiful supply of poultry, dairy products and meats for the entire year.

**RECREATION:** Ample recreational facilities are provided. A recreational council provides a year-around program of sports and activities for the city, including basketball, physical education classes, swimming team, playgrounds directed by specialists, amateur baseball and softball. The city is a member of the Coastal Plains Baseball (Class D) League. A Civic Theatre group has provided stimulating entertainment for many years. The city's public library is one of the oldest in the state, and at the same time is one of the most modern in its facilities.

Goldsboro has three parks with a combined area of more than 300 acres. One of these, Herman Park, has the largest menagerie in eastern North Carolina. Included in the recreational assets is a new municipal stadium. A well-planned 18-hole golf course is a part of the park system.

Four modern movie houses complete the recreational picture. These theatres play first-run pictures and an occasional road show or vaudeville.

**CHURCHES:** Goldsboro is not neglectful of religious activities. There are 19 denominations and branches of ecclesiastical bodies having 50 churches, for both white and Negro citizens. The denominations include: Baptist, Catholic, Christian, Disciples of Christ, Episcopal, Free Will Baptist, Friends, Holiness, Jewish, Latter Day Saints of Jesus Christ, Lutheran, Methodist, Pentecostal Holiness, Presbyterian, Salvation Army, Evangelical Baptist, and three minor groups.

**EDUCATION:** Goldsboro graded schools were the first chartered public schools in North Carolina and have a wide reputation for excellence of instruction. The Goldsboro High School is a member of the Southern Association of Colleges and Secondary Schools, and its graduates are admitted to standard institutions of higher learning without examination. The city has twelve public schools (elementary and high) for its students—seven white and five Negro, valued at \$2,003,500, and a combined faculty of more than 135. In addition to the public schools, the Sisters of the Immaculate Heart of St. Mary maintain a parochial school which provides instruction from the kindergarten through

the second year of high school, and a private secretarial school trains pupils for business careers. A modern school of practical nursing is an adjunct of the Wayne Memorial Hospital.

**CLIMATE:** Weather conditions are ideal. The city is practically without fogs or freezes. The annual precipitation computed from the Weather Bureau records averages 53.93 inches. The mean minimum annual temperature, likewise computed from the Weather Bureau records, is 49.7 degrees, and the mean maximum annual temperature is 72.6 degrees. The mean annual temperature is 61.3 degrees. The altitude is 102 feet.

**RAIL SERVICE:** Goldsboro is served by three railroad lines. They are the Atlantic Coast Line Railroad, connecting points north and south; the Atlantic & East Carolina Railroad, Goldsboro being the western terminus of this line, connecting with coastal cities; and the Southern Railway, connecting with points west, southwest and northwest. These carriers operate fast trains to, through and from Goldsboro, and offer the shipping public very efficient transportation service, having good connections to the principal industrial centers in every area along the Atlantic Seaboard and in the Middle West. There are ten passenger trains in and out of Goldsboro daily.

**HIGHWAYS:** Nine standard highways radiate from Goldsboro, offering a convenient service to tourists and motor transportation. U. S. Highway 70 traverses the state in an east-west direction, from the Atlantic Seaboard on the east across the state and into Tennessee. U. S. Highway 117 connects the principal cities of the North and East to Southern and Southeastern points. State Highway 102 crosses the city from northeast to southwest. In the northeast direc-

tion it affords direct connections with the Norfolk, Va., area, and southwest to Goldsboro it provides a through channel to Charlotte and Atlanta. State Highway 111, southeast of Goldsboro, offers an almost open direct lane to the U. S. Marine bases at Jacksonville, N. C. U. S. Highway 70 leads to Cherry Point, N. C., southeast of Goldsboro and to beaches on the Atlantic Coast. North Carolina Highway 581 provides access to north-central areas in the state.

**BUS LINES:** The Union Bus Terminal serves three transportation companies, with 70 buses arriving and departing daily. Companies serving Goldsboro include the Atlantic Greyhound Lines, Queen City Coach Co., and Seashore Transportation Co.

**COMMUNITY BUILDING:** A building costing \$100,000, erected through public subscription by patriotic citizens of Goldsboro and Wayne County, memorializes the young men of the city and county who served in the World War of 1917-1918. This first memorial erected in the U. S. following World War I is dedicated to the heroes of that conflict and recently has been renovated throughout to serve more adequately.

The building provides recreational and educational advantages and facilities for the entire citizenship of the county. It is headquarters for the Goldsboro Community Chest, Wayne County Chapter of the American Red Cross, Tuscarora Council of the Boy Scouts of America, Goldsboro Council of Girl Scouts, Goldsboro Bureau of Social Agencies, Goldsboro Swimming Association, Wayne County Boys' Club, and many other civic and social activities.

**GOLDSBORO AS A CENTER:** Goldsboro is widely known as the "Heart of Eastern North Carolina." It is the agricultural and industrial center of this area. It is one of the best planned and laid-out cities of the section.

Although situated in a rich agricultural area, Goldsboro also is generally recognized as possessing a balanced and diversified industrial life. Many of the industries are related to the agricultural and timber interests.

Wayne County is primarily an agricultural county, with most of its income derived directly from agricultural products. Principal crops are tobacco, cotton and corn, with noticeable increase in live stock, swine and grains. The following crops are grown in reasonable proportions: Wheat,

peanuts, rye, cowpeas, soybeans, cowpea hay, truck crops and commercial vegetables. Goldsboro has long ranked as a leading tobacco and cotton market. Its principal commodities in 1949 were valued in excess of \$21,500,000.

**CIVIC CLUBS:** The civic life of the community is represented by a number of strong, thriving and progressive organizations. These render civic, fraternal, patriotic and social service: Rotary, Kiwanis, Lions, Civitans, and Business & Professional Women's Clubs; two Masonic lodges; the Odd Fellows; the Junior Order of United American Mechanics; the Woodmen of the World; the American Legion, Wayne Post No. 11; the American Legion Auxiliary; the Goldsboro Woman's Club; the Elks Club; the Junior Chamber of Commerce; the Grange; the Farm Bureau, and the Goldsboro Chamber of Commerce and Merchants Association, Inc. Also the Veterans of Foreign Wars; the Veterans of Foreign Wars Auxiliary, and the Disabled American Veterans.

**CONCLUSION:** Goldsboro is a leader in retail sales, figures from Sales Management's "Survey of Buying Power" for the past several years placing Goldsboro's volume of retail sales in excess of \$36,000,000 annually, and far ahead of any other eastern North Carolina city.

Its diversification of industry gives it a substantial lead over other cities of similar size and interest in North Carolina in the value of its manufactured goods and annual payrolls.

A garden scene at Pondrose, country estate of Dr. and Mrs. David J. Rose, near Goldsboro.

Inquiries about the development of new branch units for the manufacture of goods or the distribution of various commodities will receive the prompt attention of the Goldsboro Chamber of Commerce and Merchants Association, Inc.

Goldsboro welcomes its visitors and has a friendly atmosphere for those making this city their place of residence.

# Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

## Your City Directory Contains:

**1** An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

**2** A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

**3** A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

**4** A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

**5** A *Statistical and Historical Story* of your city; plus miscellaneous other information.

# CAUTION . . .

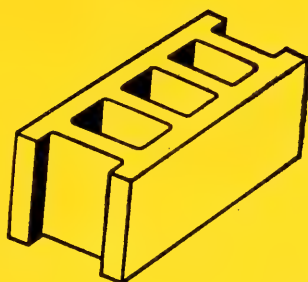

**Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.**

A reference library of late  
out-of-town city directories

THE PUBLISHERS of this Directory maintain for the use of their subscribers and the general public a complete library of late out-of-town City Directories. We invite you to consult this library when in need of names and addresses of individuals and firms in other cities. It is especially designed for the reference use of business men who subscribe to the local City Directory, when seeking markets and sources of supply outside this city. There is no charge except for extended continuous use. The library, with attendant in charge, is located at:

**Don't Contribute to  
Counterfeiters  
KNOW YOUR MONEY!**

**Don't Be Fooled by  
Forgers  
KNOW YOUR ENDORSERS!**

**The Government never redeems counterfeit money!**

1. **KNOW YOUR MONEY!** Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. **COMPARE** a suspected bill with a genuine of the same type and denomination. Observe these things:

**PORTRAIT** *Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.

*Genuine*—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

**COLORED SEAL** *Counterfeit*—Saw-tooth points around rim are usually uneven, broken off.

*Genuine*—Saw-tooth points around rim are even and sharp.

**SERIAL NUMBERS** *Counterfeit*—Poorly printed, badly spaced, uneven in appearance.

*Genuine*—Figures firmly and evenly printed, well spaced.

**PAPER** *Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.

*Genuine*—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. **RUBBING** a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. **CONSULT** an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. **REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.**

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or \$7.50 per 100, from the Superintendent of Documents, Government Printing Office, Washington, D. C.

# Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

## Your City Directory Contains:

**1** An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

**2** A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

**3** A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

**4** A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

**5** A *Statistical and Historical Story* of your city; plus miscellaneous other information.

**Directory of Householders, Occupants of Office Build-  
ings and Other Business Places, Including a  
Complete Street and Avenue Guide**

**1952-53**

Copyright, 1952, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

Figures in parenthesis denote old numbers.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

**\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.**
